

## DATA VISUALIZATION WITH OUR OBIEE SERVICE

## OBIEE SERVICES

People Tech OBIEE practice delivers the most robust set of reporting, ad-hoc query and analysis, OLAP, dashboard, and scorecard functionality with a rich end-user experience that includes visualization, collaboration, alerts, and more.

Oracle customers now have a world-class reporting, analytics and data integration platform that can be used to generate report based on data from both Oracle and non-Oracle applications and databases.

## BEST OF IT SERVICES

Oracle Business Intelligence Suite EE delivers the full range of Business Intelligence capabilities including interactive dashboards, ad hoc inquiries, proactive intelligence and alerts, enterprise and financial reporting and real-time predictive intelligence.

Additionally, the OBIEE Plus platform is based on a versatile Web Service-Oriented Architecture that enables seamless integration and easy user access for diverse data sources.

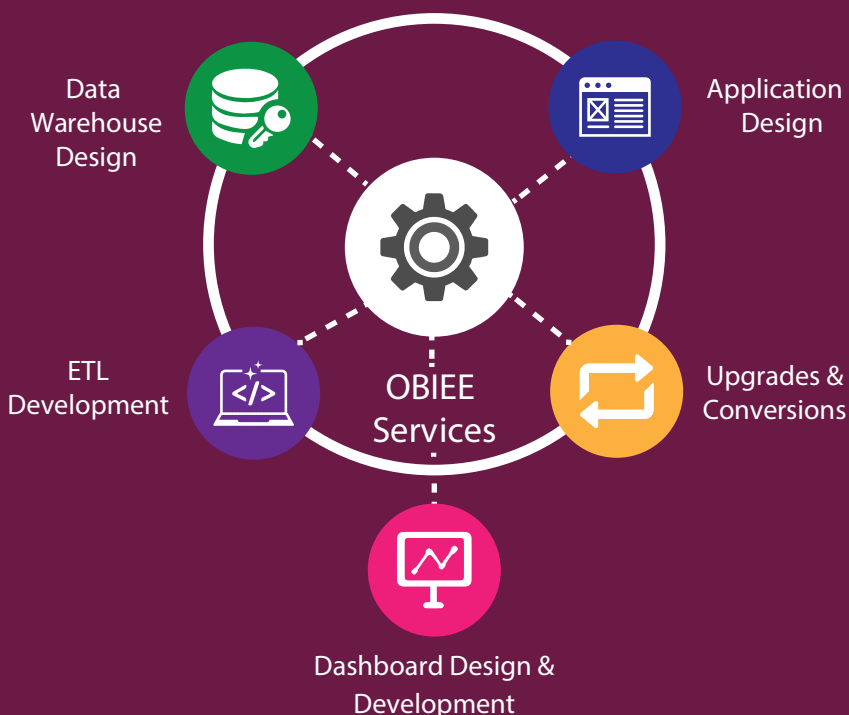

People Tech OBIEE consultants have in-depth experience in the end-to-end development and deployment of this BI platform to meet all your Enterprise level Analytical and Reporting needs.

People Tech consultants understand, build and help you deploy the optimal solution, from powerful executive dashboards to the standard reporting needs of the average user.

We have a core team of passionate practitioners with extensive experience of handling complex scenarios which is a true differentiator that works for the benefit of our clients.

## OBIEE FUNCTIONALITY AT A GLANCE

- Interactive Dashboards
- Ad hoc Analysis and Interactive Reporting
- Mobile Analytics
- Enterprise Reporting
- Proactive Detection and Alerts
- Actionable Intelligence

- Spatial Visualizations and Analytics
- Scorecard and Strategy Management
- Server based query, reporting, and analysis

## OUR OBIEE SERVICE OFFERINGS

People Tech, an Oracle Gold Partner, has devised a range of pioneering offerings which have been expertly designed to ensure the maximum return on your BI investment.

People Tech offers OBIEE services ranging from data warehouse and application design, to ETL development, to report/dashboard design and development.

### ASSESSMENTS:

Our team will conduct a complete BI assessment of your organization's data and business processes to help you choose the best strategy to implement a BI solution that is both custom tailored to your needs and based on best practices.

### OBIEE PLUS HOSTING SERVICES:

We will provide your organization's OBIEE infrastructure on hardware located in our data center including monitoring, back up, and recovery, and patching of your OBIEE Plus environment. We can also provide the necessary professional services such as ETL (Extract, Translate, and Load), Dashboard development, and Report development for your OBIEE Plus environments.

### OBIEE PLUS DEVELOPMENT SERVICES:

Our highly trained OBIEE Plus professionals will augment your existing team and help complete your mission critical projects.

### OBIEE PLUS PRODUCTION SUPPORT:

Our BI production support services will keep your system up and running on a 24x7x365 basis.

### ORACLE DISCOVERER MIGRATIONS:

We will migrate your existing Discoverer End User Layers (EUL) to OBIEE Plus using Oracle's Discoverer Migration utility. This will protect your investment in Discoverer and at the same time allow access to OBIEE Plus' rich functionality.

Delivering a full range of analytical and reporting capabilities,

The **Architecture of OBIEE** enhances the existing customer investments in Security, Data Access, ETL, Portals, Analytics Tool and Reporting, ERP Applications and Desktop Tools.

## ORACLE BUSINESS INTELLIGENCE SUITE ENTERPRISE EDITION 11G

Oracle Business Intelligence Enterprise Edition 11g (OBIEE) is an unmatched and comprehensive business intelligence and analytics platform that delivers a full range of capabilities — including interactive dashboards, ad hoc queries, mobile analytics, notifications and alerts, enterprise and financial reporting, scorecard and strategy management, business process invocation, unstructured search and collaboration, integrated systems management and more.

OBIEE 11g is built on a proven and modern technological foundation that supports the highest workloads and most complex deployments, while providing timely insights to users across an enterprise at a low overall total cost of ownership.

# WHY PEOPLE TECH?

People Tech clients who use Oracle Business Intelligence Suite Enterprise Edition Plus (OBIEE Plus) gain a competitive advantage in today's challenging marketplace. OBIEE provides companies with the right information at the right time so they can make the strategic decisions critical to stay ahead of the competition.
